

Endocrinology Advice and Guidance

In recognition of the current crisis and the likely long waiting times for future endocrinology appointments, please be advised that we will be providing consultant-delivered e-mail advice for any colleagues in primary care who need specialist endocrinology advice for their patients. This advice will encompass all areas of endocrinology, including:

- Thyroid disorders
- Calcium and metabolic bone disorders (including osteoporosis)
- Vitamin D
- Pituitary and hypothalamic disorders
- Antenatal endocrinology
- Adrenal disorders
- Miscellaneous endocrine conditions

This service will be provided from 9am-5pm Monday-Friday. If you have any requests for advice outside these hours, that cannot wait until the next working day, please call the on-call endocrinology consultant, via SJUH switchboard.

All requests for advice should be emailed to the following email address :

leedsth-tr.Endocrinology@nhs.net
