Temporary vaccine sites

To help make it easier for people to access the vaccine, we are hosting a number of pop-up vaccine sites right across the Leeds district. You can find information about all pop-up vaccine sites at: www.leeds.ccg.nhs.uk/coronavirus/covid-19-vaccine.

About the COVID-19 vaccine:

- All people aged 18 and over are now eligible for the vaccination.
- If you are aged over 50, living with a long term condition or have a suppressed immune system, you are at increased risk from Covid. Vaccines can help prevent you becoming seriously ill.
- The vaccines are safe and have been through rigorous checks, as well as extensive trials.
- Each vaccine requires two doses, 8 weeks apart (or sooner for people with health conditions that make them more vulnerable). The 1st dose gives you good protection from 3 or 4 weeks after having it. Having the second dose gives you stronger and longer-lasting protection.
- Having a vaccination is the best way to protect yourself, your family and your community from serious illness.
