

COVID-19 vaccine sites in and around Burmantofts, Harehills and Richmond Hill

Information correct as of 02/08/2021.

Please note:

- All people aged 18 and over are eligible for the vaccine
- Face coverings must be worn at all vaccination centres

If you live in or around **Burmantofts, Harehills and Richmond Hill** we recommend the following vaccination sites:

1

Bilal Centre Conway Road, Harehills, LS8 3RD

Available every **Wednesday** between **10am and 5pm**, and every **Friday** between **2pm and 6pm**.

This is a walk-in service, **no appointment necessary**.

2

Elland Road Park and Ride Beeston, Leeds LS11 0EB

Appointments are essential and can be booked at: nhs.uk/covid-vaccination or by calling **119**.

3

East Park Medical Centre 5-7 East Park Road, LS9 9JD

GP surgeries are contacting patients aged 18 and over who have not yet had their vaccine. Patients are kindly asked to not contact their GP surgery to book a Covid-19 vaccine. This offer is available to patients registered at the following surgeries: Halton Medical Practice; Ashton View Medical Centre; Shakespeare Medical Practice; East Park Medical Centre; Milan Street Surgery; Roundhay Road Surgery; Lincoln Green Medical Practice; Bellbrooke Surgery; York Street Health Practice; Conway Medical Centre; The Practice and Harehills Corner.

Leeds vaccine bus:

The vaccine bus is in a different location each week, and offers **walk-in appointments** to anyone **aged 40 and above**. People living in and around Burmantofts, Harehills and Richmond Hill may find it convenient to use the bus when it is at the following sites:

- **Cromwell Mount** (next to Burmantofts Health Centre) from **16 to 20 August**
- **Nowell Mount Community Centre** from **23 to 27 August**

The vaccine bus is open **10:00am to 4:00pm** at both of these sites.

Temporary vaccine sites

To help make it easier for people to access the vaccine, we are hosting a number of pop-up vaccine sites right across the Leeds district. You can find information about all pop-up vaccine sites at: www.leeds.ccg.nhs.uk/coronavirus/covid-19-vaccine.

About the COVID-19 vaccine

- All people aged 18 and over are now eligible for the vaccination.
- If you are aged over 50, living with a long term condition or have a suppressed immune system, you are at increased risk from Covid. Vaccines can help prevent you becoming seriously ill.
- The vaccines are safe and have been through rigorous checks, as well as extensive trials.
- Each vaccine requires two doses, 8 weeks apart (or sooner for people with health conditions that make them more vulnerable). The 1st dose gives you good protection from 3 or 4 weeks after having it. Having the second dose gives you stronger and longer-lasting protection.
- Having a vaccination is the best way to protect yourself, your family and your community from serious illness.
